

Tucker Mechanical

— one source for all of your facility's mechanical, HVAC, plumbing, and process piping needs.

Your Trusted, Full-Service Mechanical Contractor

For decades, Tucker Mechanical has provided fast-track solutions and a strong bonding capability from to our parent company EMCOR Group Inc. Equipped with the latest in Building Information Modeling technologies, our team delivers complete mechanical design and construction for mission critical facilities in a range of industries.

We are recognized in the industry thanks to the breadth of our capabilities and expertise, as well as our excellent safety performance. Plus, you can be confident in the quality of our work thanks to our DAS certification; S1, P1, F1, SM1, and MG1 licenses; and ASME "PP" and National Board "R" Code Stamps.

Mechanical Services

- » Preconstruction services
- » Design-build
- » Pipe fabrication
- » Plumbing and piping installations
- » Medical gas systems
- » Process piping
- » HVAC
- » Mission critical systems
- » Cogeneration plants
- » Fuel cells
- » Geothermal Systems
- » Value cost savings
- » Data Centers

Computer Aided Design (CAD) Services

- » 3D/BIM Coordination - Revit, NavisWorks, AutoCAD
- » Site scanning of existing systems into 3D BIM Model
- » All trade coordination drawings

Environmental Services

- » Water/Wastewater treatment plants
- » Pump stations
- » Filtration and pollution control facilities
- » Flood mitigation systems
- » Renewable natural gas projects

Facility Services

- » Operations and maintenance
- » Building automation systems
- » Energy audits and other energy services
- » Predictive and preventive maintenance
- » HVAC
- » Refrigeration
- » Commissioning and re-commissioning
- » Indoor air quality (IAQ) benchmarking
- » Backflow preventers—testing and certification
- » Plumbing services
